SUMMARY

I am a software developer passionate about solving complex software problems. Worked through 1300+ hours of online remote code learning. I am a reliable team member and ever dedicated to discovering new relevant technology to leverage solutions largely related to the tech field and generally. I have experience in coding, troubleshooting, file processing, and management, MS Office operations, and excellent customer service. Ready to apply my IT experience to a busy medical office at IOM.

SKILLS

Front-End: JavaScript, React, Redux, Nextjs, HTML5, CSS3

Back-End: Firebase.

Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, Chrome Dev Tools, MS Office.

Professional: Remote Pair-Programming, Teamwork, Mentoring, Effective communication, Organizational skills.

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Web Developer

Remote
April 2022 – Present

[Tasty-Meals](#) – Designed a simple food order App where I implemented react hooks like useState, useReducer, and Context Api and ensured meal orders could be accessed immediately.

- Built with Reactjs, Use-context API, and Redux.

[CovidCases](#) - This web application gets and displays statistics of Covid cases from an external API.

- Built with Reactjs, Api, and Redux.

[YouthSummit](#) - This is a web application that displays and advertises youth conferences ongoing in the country or an organization

- Built with HTML, CSS, and Javascript

MICROVERSE

Mentor (Volunteer)

Remote
August 2022 – September 2022

- Mentored three junior web developers, providing technical support through code reviews.
- Proposed more than four improvements to code organization to improve code quality and about 40% overall performance.

ByteWorks Technology Solutions

Data Entry Clerk

Abuja, Nigeria
November 2019 - February 2019

- Ensured over 10 customers daily had their data appropriately keyed into the company's website.
- Effectively coordinated the data entry process amongst a team of 10 younger staff, resulting in an extensive collation of data that met set deadlines and maximized over 40% of revenue for the company.
- Managed and supervised a team of 10 people effectively.

Revivus Foundation

Personal Assistant (Volunteer)

Abuja, Nigeria
October 2016 - January 2017

- Ensured Files, application letters, and memoranda were adequately filed, added, updated, and confirmed duly.
- Ensured daily statistics of work in the organization were documented.
- Provide information as regards assessments of the IDP camps in action centers.
- Managed and supervised a team of 20 people effectively.

Head of Welfare (Volunteer)

January 2017 - March 2017

- Ensured daily analysis of the well-being of team members, staff, and clients was articulated properly.
- Managed and supervised a team of 20 people effectively.

EDUCATION

MICROVERSE

June 2022 – January 2023

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- I developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

The UNIVERSITY OF NIGERIA, NSUKKA

August 2017 - December 2021

BSC. Computer Science

- Participated as a member of a software development club of 20 members on the School Campus.
- Studied and attained a degree in computer science.

WOMEN-IN-TECH

September 2022 - Current

Ambassador (Volunteer)

- Creating awareness for women to join the Tech field.
